

Year 2 Summer Term

Blast from the Past

Welcome back after the Easter break. We hope that you all had an enjoyable holiday! We look forward to a jam packed summer term with lots of exciting lessons ahead!

Maths

As mathematicians in Year 2 the children will be counting forwards and backwards in ones, twos, fives and tens up to 100. We will also start to count above 100. They will practise adding two numbers together (starting with counting on and moving onto partitioning) and will begin to quickly recite the number bonds to 10, 20 and 100. The children will continue to learn how to solve subtractions. They will learn the features of 2D and 3D shapes and be able to name triangles, squares, rectangles, circles, hexagons, pentagons and octagons, and will also look at how to measure length and height.

English

In English, children will continue to learn about spelling, grammar and punctuation while applying this knowledge in instructions, stories, descriptions and poems. Throughout the term, children will practise identifying and using adjectives, nouns, verbs and adverbs in their writing. Children will also focus on using a range of conjunctions.

Science

As scientists, children will continue to learn about animals including humans and they will also be learning about plants. They will describe how seeds and bulbs grow into mature plants. Children will also learn about what a plant needs to stay healthy.

Computing

In Computing, children will learn about e-safety, basic programming using programmable toys and basic coding software.

P.E

This term children will learn how to use their bodies and equipment with greater control and coordination

Religious Education

During the term we will be exploring Islam and the Muslim faith.

Art

As artists, children will be looking at the work of Quentin Blake. They will be studying his drawings and learning how to use range of drawing techniques.

Design and Technology

As designers, children will be designing and making their own keyring. They will learn how to join fabric together using a variety of techniques.

History

As historians, children will be learning about the timeline of games. Children will compare games from the past and present.

Music

As musicians, children will be learning how to accompany their songs with instruments and learn to compose their own tunes focusing on music from the 70s and 80s

MFL

MFL will focus on French, children are given informal opportunities to experience and use the language.

PSHE

Our focus this term will be the topics: Health and Wellbeing. Children will have the opportunity to discuss their thoughts and opinions on the importance of sleep and hygiene, growing older and naming body parts and how to keep ourselves safe.
